MONIMAX 5700TE

A high-quality European Standard cash dispenser offering exceptional availability and the versatility

The MX5700TE combines top-tier availability and flexible service options with proven technology, empowering you to restore profitability and operational efficiency.

Features

INTUITIVE ENABLING TECHNOLOGY

The Monimax 5700TE features a 19-inch multi-touch screen and intuitive user interface, enabling an omnichannel customer contactless journey. Multiple authentication options and biometrics ensure consistency across channels. The advanced presenter completes transactions with ease and convenience.

HIGHEST AVAILABILITY

Providing market-leading reliability, the MX5700TE ensures maximum uptime and minimal maintenance requirements.

FLEXIBILITY

Facilitating future upgrades and module modifications, the MX5700TE provides expanded functionality such as bill payment, funds transfer, and teller assist services, ensuring maximum efficiency and convenience for users.

ROBUST SECURITY

The MX5700TE presents a comprehensive suite of security features like safeguarding against both physical and logical attacks through multi-layered defenses including anti-skimming, anti-shimming, anti-cash trapping mechanisms, a locked-down operating system, white-listing, encryption, and anti-jackpotting measures.

Facilities. Security. Technology.
